This agreement in no way, however affects any case in which the owns could have performed his obligations or any case of legitimate transfer.

There is little doubt that the prrangement between the two governments whose nationals constitute a bulk of the mining operators in Mexico, will be effectual in preventing adventures from taking unfair advan mining districts.

BUTTE ALEX SCOTT MADE GOOD PROFIT IN MAY

ENCOURAGING STATEMENT OF CONDITIONS ISSUED BY PRESIDENT HUGO.

According to official advices at hand the Butte Alex Scott made a profit of \$4,000 during the month of May. While this is somewhat under the earnings for the two preceding months it is very satisfactory considering the facthat metal has declined, says J. A.

President Hugo gives the following

COMMENT ON WITHDRAWAL OF FISHER FOR CONGRESS

MARQUETTE CHRONICLE SAYS IT SHOULD RESULT IN UNITED G. O. P. FRONT.

Commenting on the withdrawal of James T. Fisher for the Republican

nomination for Congress, the Maruette Chronicle says: The withdrawal of James T. Fisher, of Laurium, for the Republican nomination for Congress, simplifies the congressional situation in the Twelfth district and makes it as certain as things political can be certain, that Senator James will be the next congressman. There is, of course, always the possibility that another Republican may break into the race but such a step now would hardly be practi-Senator James was the first candidate. Another man sought simflar honors. Well and good, the field is open to any Republican. The other man withdraws, leaving the field to James. No matter what ones desires might have been, it seems only fair that now, with ample time to have a determination, none other should interfere with the efforts of the man who has been in the race from the start. It is everyone's privilege to run for office but there comes a time when it is only just and right that a determination of intentions be made so that the candidates and voters alike have a chance to "square away" before are nearing; campaigns must be begun in earnest. It is true, there is no law nor rule that requires "hands off" after any given time, but it is a mighty good rule for a party to recognize. It promotes harmony and prevents any bitterness such as would otherwise arise. Candidate Fisher withdrew for the sake of harmony; to present a Chronicle inclined towards him rather than towards Senator James. His withdrawal should settle the question on the Republican side. The Chronicle luring the day. Railroad earnings as so regards the situation and offers to being reported are far from satisfac. Senator James its best wishes. He is too well known; his record is too well known to require elaboration. He is as appeared for coper. Conditions amply qualified. The voters of the nive been as bad as they are before Twelfth district would indeed make : nd cleared in a night. BOARD TO MEET SOON

Discussion Relative to Need of Road Improvements Planned.

The Calumet township board will hold its regular July meeting next Wednesday and will dispose of routine business for the month, allowing the labor accounts, so that township emdoyes may be paid before the Fourth. Probably the most important matter to come up for consideration will

be a review of the board's recent trip of inspection through the township and the consideration of needed road im provements. It is probable the board will authorize the rebuilding of a short section of the road to the Lake Shore, which was found to be in bad condition and the opening up of a short piece of road in the Trap Rock farm district is also looked upon with favor by some of the members.

RAIN HELPS FARMERS.

Downpour Today of Great Benefit to Parched Crops Locally.

Today's heavy downpour of rain i greatly appreciated by the farmers of the copper country, who have been praying for moisture for several weeks. Although there have been a number of small showers during this period, they have not been of nearly so great bene fit as the rain today.

The dry, parched condition of the soff caused the farmers of the district heavy losses in the first crop of hay some of which dried out before it could e cut. In addition to belying the growing crops of a general nature, today's rain should help to start the grass for a second crop of hay to b cut later in the season

P. H. FINNEGAN TRIAL

Among the cases set for trial at the July term of the U. S. district couropening at the Soo, July 1, is that a P. H. Pinnegan, charged with misus pioneer families in this district, and of the mails in the exploitation of mining ventures. Mr. Pinnegan former): resided in Calumet and a number of the important witnesses are from this city. The case was to have been tricat the last term of court in Marquotte but because of a misunderstanding th defendant did not appear for trial or the date set and a continuance wa ordered.

Boston, Mass., June 27.-The market was strong and a little dull today. Coppers unchanged with little speculative interest. A great deal of work will have to be done yet to straighten out the Chaffin affairs and it is probable that we shall see more scattered selling next week. The only bullish factors at present are the level of prices and the unequalled condition of the crops.
